

4 were killed in the wreck. That he may be out again next week.

The City of
GOODRICH
Akron, Ohio

The Goodrich More Mileage Message

Goodrich is making the burliest, sturdiest, most lasting tires the rubber industry has ever seen; and Goodrich knows it.

In every test of road-toughness to which tires can be put, Goodrich Tires have unfolded an endurance, an ability to take punishment, which has run into phenomenal mileage.

Confident in this knowledge and belief, Goodrich desires that all tire users share in the confidence of Goodrich, and the big mileage Goodrich Tires assure.

Therefore, Goodrich announces to present and future owners of its pneumatic tires—an adjustment basis—6,000 miles for SAFETY TREADS, and 8,000 miles for SILVERTOWN CORDS, instead of the 3,500 and 5,000 miles respectively, heretofore in force.

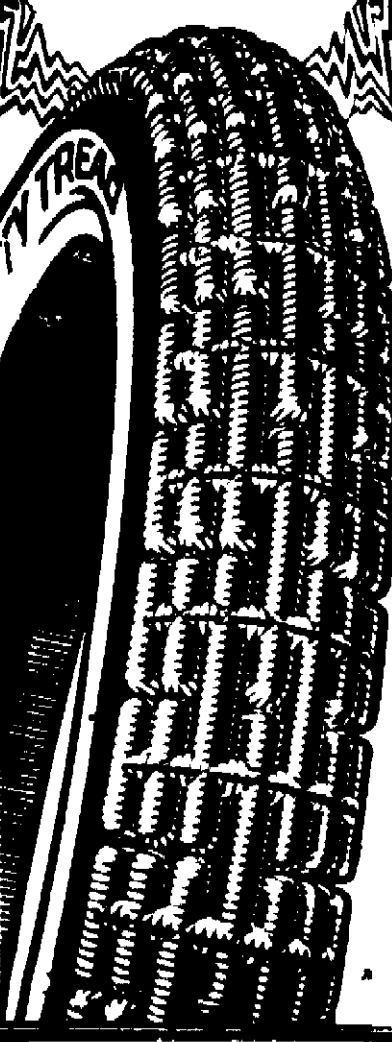

Remember that a Goodrich adjustment is a fair one. Goodrich knows the mileage is in its tires, and more; and to make you realize you lose money in being without Goodrich Tires, the new Goodrich adjustment is proclaimed broadcast.

GOODRICH TIRES

"BEST IN THE LONG RUN"

HOT WEATHER IS HARD ON BERRIES

Late Crop Is Ripened Before Maturity, Growers Say, and Price Goes Up On Local Markets.

The strawberry crop is being spoiled by the hot dry weather and the late berries are ripening before they are fully matured. Consequently the price has advanced five cents since Wednesday. Berries that were selling for 20 cents a quart then are now 25 cents.

A few stands on market this morning offered some at 30 but they were small. The first homegrown cherries sold this morning at 40 cents a quart and a few pints of raspberries were offered at 25 cents.

Peaches are larger and are 10 cents a pound.

New potatoes are 10 cents, three pounds for 25 cents.

Dry onions are cheaper and are selling at 10 cents a pound.

Lemons are still high in price and sell at from four to four for 10 cents. Spring chickens are from 15 cents to \$1.50 and roasts and steaks from \$1.00 to \$2.00 and \$2.50, and young ducks are \$1.50 and \$1.75.

Butter is still 75 cents and eggs are 35 and 40 cents a dozen.

DEEDS IS GRANTED

In court proceedings in the case of Music Livingston vs. George Livingston a decree of divorce was granted to the plaintiff upon the grounds stated in the petition.

TESTIMONY IS CONCLUDED

The court heard the remainder of the testimony in the case of the Midland Oil & Gas Co. vs. Chas. A. Poundstone et al., and took the case under advisement. The suit is brought to determine the validity of a lease for gas and oil and south of the city.

Minutes Count.

Most folks do not seem to know that eternity is a matter of minutes. In youth the days seem long, and the months are eonities. That is especially true when the people don't come until after the Fourth of July. It's about as bad as waiting for Christmas. But the days pass on just the same and every one admits something to eternity. As life widens its experiences from months to years and from years to decades it begins to take on new meaning. Time rasps of life's angles and years credit wisdom from its trials and sorrows. All this linked to multiplications of itself makes eternity. After all eternity is nothing more than the sum of life's hours added to all the hours that have been or are to be. They are the sum of the minutes and in them lies the secret of eternity.—E. W. Robertson.

Sympathy for people our life with a crowd. The 6th man on the ocean alone at night is not alone when he remembers the earnest longings which are arising up to heaven at home for his safety. The traveler is not alone when the faces which will greet him on his arrival seem to beam upon him as he trudges on; the solitary student is not alone when he feels that human hearts will respond to the truths which he is preparing to address to them.—F. W. Robertson.

Planting Fruits in North.

In the north and wherever the winter conditions are severe on plant life, either from temperatures, driving winds, or other causes, fruits are usually planted in the spring as early as the soil can be put in suitable condition. It is important that they be set out while the plants are dormant and before the buds have started.—Weekly News Letter.

SMART RESTAURANT FROCK FOR SUMMER

This is a charming frock for restaurant wear, especially if one dines. Corn colored machine forms a full tonic over a neat foundation of golden brown taffeta. Gathered taffeta forms a novel trimming for the skirt and waist. The hat to match is made of soft padding of maline with sprays of paradise peeping out here and there.

INTENSE HEAT

(Continued From Page 1)
bank. The Home Building association, The Park National bank, The Newark Trust company, The Advocate, W. L. Stewart, Mrs. W. L. Stewart, M. H. Mueller, Yarger twins, \$1000 each. The list is far from complete as many "limit" pledges have not as yet been handed in by the solicitors.

Every buyer of 100 W. S. S. may honor some soldier or sailor by putting him in a Bring 'Em Back club. Those who buy the limit, 200 W. S. S. may name two soldiers. Names of members of the Bring 'Em Back club are posted upon the court house park bulletin boards.

Mrs. F. S. Wright, fifth ward, needs more workers in her ward. Call auto 7082.

The women of the Second ward organization are doing splendidly. Mrs. J. A. Mitchell, chairman, this morning. "All of them are at work and they will keep at it until everyone in the ward is solicited."

Among the hundreds of Ohio mail carriers who are contesting for a summer lake trip through the sale of W. S. S. J. E. Cooper of Newark stands in twelfth place. Only eleven other carriers in the state have so far sold more W. S. S. than Mr. Cooper. One or more carriers from each county will be sent on the trip up the lakes.

One woman responding to the door bell ring of a solicitor yesterday said curtly: "I'm not even interested. Very few instances of discount are reported and in 29 out of every 100 calls the women are cordially received."

"I've given all I can" is the answer of a few people. Given? Buying W. S. S. and giving nothing. The purchase of W. S. S. is simply saving money for which a fat rate of interest is paid by Uncle Sam.

Every buyer of 100 W. S. S. may name a soldier or sailor for a Bring 'Em Back club. The purchaser of 200 stamps may organize two clubs.

Solicitors are urged to notify their ward leaders of their Saturday sales early Monday morning.

After today the field is thrown open. The women may solicit anybody and everybody anywhere.

The women are proving to be good "salesmen." They know the value of W. S. S. are able to make a good selling talk and are enthusiastic in their work. They have not had an opportunity heretofore to demonstrate their ability to sell government securities and they are now proving that they can do the work just as well, if not better, than the men.

The women's organization started on May 24 with a nucleus of nine women. It has grown to a force of 130 earnest and capable workers.

It is the women continue to show the same vigor for a few more days and if the country women take hold of the work with the same vim and determination as the Newark women there will be no doubt about the "answer." Licking county will quickly step into the Victory class.

Many of the women say they will not be contented until they put Licking in the front row and bring to this county that \$10,000 memorial shaft which will be given by the Vermont Granite manufacturers to the county that makes the best percentage gain in W. S. S. sales this summer.

Mrs. George Williams did a fine day's work yesterday by securing W. S. S. pledges amounting to more than \$3,000.

Many of the women are receiving substantial orders for stamps from out of town friends whom they solicited by mail. To county stamps must be bought from a bank, postoffice or other agent within this county.

Mrs. Mary Neil Hamilton obtained one \$1000 pledge yesterday besides many of smaller size.

"We are getting along nicely and the women will finish the job," said Mrs. Walter Bainbridge, sixth ward chairman, when asked last night about the progress of the work.

Mrs. Frank Agnew called for another supply of Ben Franklin buttons last night and said that the East Newark campaign is progressing nicely.

"I haven't met refusal from a single man," said Mrs. George M. Fenberg this morning. Mrs. Fenberg is getting her share of the stamp pledges.

Mrs. Ernest T. Johnson, county chairman of the Women's division, is busy selecting leaders for the various townships preparatory to a W. S. S. drive in the county as soon as an organization can be effected.

Miss Anna Ware, third ward leader, turned in a large stack of pledge cards this morning, representing the splendid work of her organization.

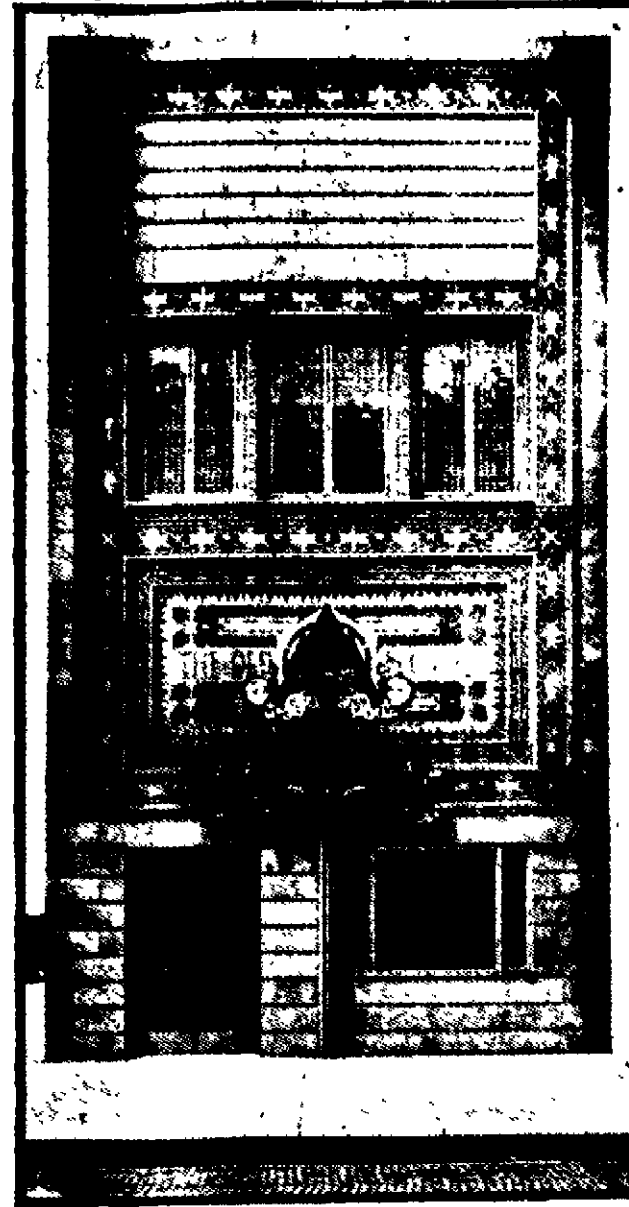

NEWARK ODD FELLOWS TO OBSERVE MEMORIAL

Newark I. O. O. F. lodges, Sunday, will observe the annual memorial tomorrow. The lodge members, and members of auxiliary units have been ordered to assemble for the parade which will move from the hall at 2 o'clock. The formation of the parade, the order of services at the cemetery, and the program to be rendered follow.

TRADE HEADS, OHIO U. C. T. Youngstown, June 14. Trade, Zanesville, was elected and committee of the grand council of Ohio, United Commercial Travelers, in annual convention here yesterday. Other officers chosen included R. E. Somerville, Dayton, grand secretary; C. M. Owen, Springfield, grand treasurer; and Albert Ross, Columbus, member executive committee.

The Old Home Will Help You Build Your New Home!

Resources Over \$2,600,000.00

You surely plan to own your own home. That is the end we all mainly strive for, to prepare a home for the wife and kiddies.

It is easier to do if you have started a savings account at the "Old Home", where you draw FOUR PER CENT INTEREST on your savings.

We both protect savings and assist home builders and owners by loaning money on approved real estate security.

OLD HOME SERVICE.

For thirty-nine years we have been serving the people of Newark and surrounding country, during this time we have helped many people to build or buy homes. Ask your neighbor about "Old Home" service.

We will be pleased to receive your savings account, and to aid you in building or buying your home when you are ready.

"The American Home is the Best Safeguard of American Liberty."

The HOME Building Association Co.

North Third and West Main Streets.

JACKSONTOWN FARMERS RESERVE PLACES FOR C. OF C. DINNER MONDAY

Eighteen Will Attend Big Banquet In Group—Interest In Non-Resident Members Grows Among Licking County Farmers—Rail Men Will Attend.

That the farmers of Licking county are interested in the enlarged Chamber of Commerce, and especially the "community progress" dinner, which will be held at the Masonic temple on Monday evening at 6:15 o'clock, is evidenced by the telephone call from T. J. Jurey of Jacksonport, a king that 18 reservations be held for the farmers of his community. Mr. Jurey is a member of the board of directors of the Chamber of Commerce and has interested the farmers down his way in the non-resident membership which provides for the farmers and traveling salesmen.

Among the out-of-town guests who have accepted invitations to the dinner are: H. H. Gray, the division freight agent of the Pennsylvania lines, and Otto N. Moore of the Moore Manufacturing company, who is bringing the new tool industry to this city.

COMES FOR CONFERENCE ON COMMUNITY WORK

W. L. Miller of the War Community Service has invited Mayor H. A. Atherton that he will be in Newark Monday evening to confer with the war community service committee recently appointed.

Owing to the Chamber of Commerce dinner, the meeting will be held at 8:45 in the Y. M. C. A. on Monday evening.

PERHAPS MUSEUM

As a result of a suggestion from General Pershing himself, there is now display in the National Museum, Washington, D. C., the great battle map that formerly hung in a closely guarded room of the American War College, at Chantilly, France, says Popular Mechanics Magazine for July, which publishes a picture of the map. Here, during America's participation in the active fighting, each day the changes in the battle line, the location of every division and the limits of every army sector. As the map stands now, it represents the exact military situation at the hour of the armistice.

OBITUARY

David Speers.
Funeral services for David Speers were held this afternoon at 2 o'clock at the home of his wife, Mrs. M. H. Speers, and burial was made in Cedar Hill cemetery.

HAZLETT TAKES CHARGE OF RED CROSS BUREAU

The local Red Cross has engaged George W. Hazlett, late lieutenant of artillery for the extension of the work of the Red Cross in this community. Hazlett's work will be to help all returned soldiers, sailors and marines, and especially those from Newark and Licking county. Soldiers who are employed can secure aid from him at the office of the Red Cross, room 404 on the sixth floor of the Trust building. He is in touch with employers of all kinds in the city and county, and will serve all soldiers free of charge. The local Red Cross also offers its services to all soldiers, sailors and marines, and their families, in regard to insurance, allotment, compensation, vocational training and similar matters.

CANADIAN HOLSTEIN MAKES NEW RECORD FOR BUTTER PRODUCT COW

ROLO MERCENA DEKOL

Rolo Mercena DeKol 30313 (C. H. B.), a Canadian 5 year old Holstein Friesian cow, has broken the world's record for seven and 30 day butter production by producing under official test 51.93 pounds of butter in seven days, and 200.44 pounds of butter in 30 days, her milk yield being 785.7 pounds, and 2,829.5 pounds for the respective periods. "Rolo's" best day's butter amounted to 8.57 pounds. In 60 days she yielded 5,735 pounds of milk which made 337.49 pounds of butter and her best work was accomplished toward the end of her test. The records were made under the supervision of Prof. H. H. Dean, of the Ontario Agricultural college, and a record was made by officials of the Holstein Friesian association of Canada. The previous best seven-day and 30-day butter records were made by Sekis Fayne Johanna 60 68 pounds and Fairview Korndyke Mata (185 37 pounds), both these cows being Holsteins, and owned by Pine Grove Farms, Elma, N. Y. Fairview Korndyke Mata formerly was owned by W. C. Miller of this city.

JACKSONTOWN.

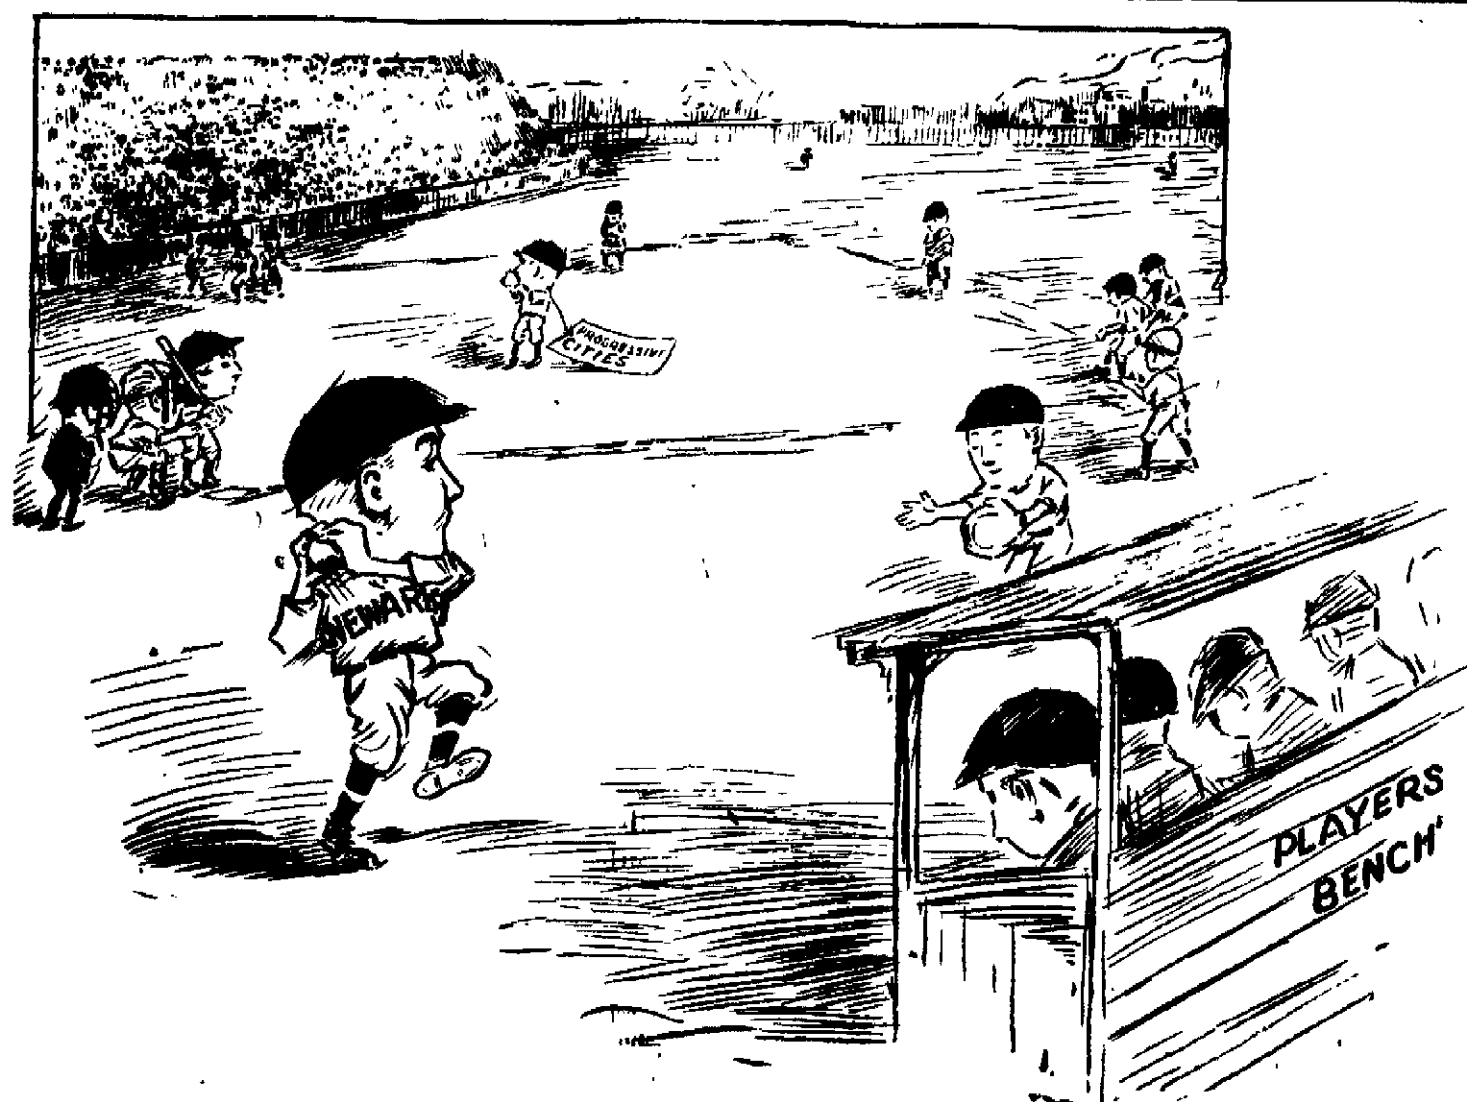

The Ladies Aid of the U. B. church of Amsterdam, were entertained for dinner Wednesday at the home of Rev. Ed. M. Larson.

LET'S WIN THAT \$10,000 PRIZE

Wouldn't that \$10,000 Victory memorial shaft, the gift of the Vermont granite manufacturers, look well in Newark? It will go to the Ohio county that makes the largest percentage gain in W. S. S. sales in June, July and August. Licking county on June 1 stood in eleventh place among 88 counties of Ohio. It is not only possible but probable that this fine memorial can be brought to Licking county. A generous response to the solicitation for the sale of W. S. S. now being conducted by the women should result in bringing the memorial to Newark. Sign the women's pledge cards and buy the stamps before September 1. Buy all the W. S. S. you can. They are better than money itself.

CHAPTER XIV.

Now Is The Time To Determine Whether Newark is Going to Get In The Game

Or Occupy a Place on The Bench

Across the continent, from Maine to California, from Canada to Texas, cities are developing or preparing to develop every ounce of Man Power that intensive and wise leadership can bring them.

And Newark Must Play The Game

The change of conditions following the civil war were nothing compared with the changes that are now upon us.

The whole world has been turned upside down. Nations are being made over. New ones being created. SO WITH CITIES.

Five generations have been crowded into the past five years.

In the War Work Newark developed a **Fellowship** and a **Team Spirit** worth **More to Newark than the mere achievement of reaching its war quotas.**

It is to preserve and foster this spirit of individual responsibility and co-operation that the Enlarged Chamber of Commerce Committee makes its appeal.

The habit of working unselfishly for the welfare of mankind must not cease to be a habit. And more---it is vital that the spirit manifested by Newark's citizens in war work be turned to

Building a City, Your City, My City, Our City

Let us Preserve The Spirit and Adopt as Newark's Watch Word:

"CARRY ON"

"If Newark is Good Enough to Live in It's Good Enough to Work For."

"The Community at Its Best Must be the Goal."

MARCHING WITH OLD GLORY.

Today is flag day. The day gives every American citizen an opportunity to renew his loyalty to the republic for which the Stars and Stripes stand. Allegiance to the flag calls for more than passive good-will. It demands an active interest in national affairs and devoted effort to realize the ideals of our democracy; to combat sedition and any kind of force which seeks to destroy the country, and to protect and further the best interests of the United States at all times.

This is easy to realize when war has aroused us and welded us together with but a single aim—the safety and welfare of our country. As Rear Admiral Chester commented a year ago when Old Glory was marching into the trenches in France.

"It is a matter of significance that the same American patriots, who, a few months ago, smiled when his children sang the 'Star Spangled Banner' now sing that national emblem with a grim appreciation of a part, at least, of what that banner stands for."

But in time of peace we are apt to leave the country's welfare in the hands of a few officials and to sink back into the exclusive contemplation of personal interests. It is, therefore a fortunate thing that the most important patriotic service at present coincides exactly with individual gain. The present movement to develop thrift as an enduring American trait is virtually necessary to the stability and prosperity of the United States.

Every citizen can do his part by saving systematically a part of his earnings and placing it in a safe investment such as the War Savings Stamps. They pay a high rate of interest and besides directly aid the government in carrying out its post-war work, and lay the foundation for the buyer's financial independence and success.

Loyalty to the flag demands that we do our utmost to preserve in freedom, safety and prosperity the country which we love. Let us resolve today to achieve our own independence, safety and prosperity by steadily practicing intelligent thrift and in so doing live up to our allegiance to Old Glory.

A few months ago we heard the League covenant condemned because it did not specifically include the Monroe Doctrine. Now that it has been amended to include the Monroe Doctrine we find that the peace conference is charged with mixing in affairs that are purely American, and by the same persons who first demanded that the covenant include it.

Publications of the full text of the treaty divulged that no effort had been made to withhold information from the world concerning the character of the peace allies are imposing upon Germany. The fact that nothing of importance was suppressed must make Lodge, Knox, Borah and the others of the partisan crew at Washington feel like the proverbial thirty-three cents. The three cents additional being war.

tax. They found no Wilson plot; no terrible treachery on the part of the peace conference. But one wonders what the world must think of the controlling powers of the senate of the United States which seems willing to write one of the blackest pages in American political history.

Republican senators and representatives who last fall promised to stand by the president will have a hard time explaining their attitude since the signing of the armistice.

If Germany wanted to start something in America and find fertile soil for agitation against Woodrow Wilson and the treaty of peace, she picked the right place to send copies of the treaty; and it will be noted that they reached the senate very quickly.

If the senate will see that Germany is relieved of any indemnity, that she is given back her colonies and that her original territorial lines are restored together with interned ships, etc., it should be easy to control the pro-German vote in the forthcoming election.

Wanted—Every one with a complaint against the government, the president, the league of nations, the treaty of peace, the taxes, the cost of living, the weather, etc., etc., to bring his troubles to me and I will get things adjusted to suit them.—Henry Cabot Lodge. Address—Senate of the United States.

Col. Ralph Cole is still making patriotic speeches in the interest of the Republican party and his own candidacy for governor, or whatever else he can get.

Former Governor Willis is now lecturing on the Chautauqua platforms and it is easy to believe he is carrying out the command of the master, Will Hays, to "strain a point wherever possible and spread the Republican doctrine because the good is so great."

Senators Smoot and Lodge sent an appeal for the election of a Republican Mayor in Los Angeles. They condemned the President last fall for such a proceeding. It is interesting to note that the Democrat was elected by something like 15,000.

The American people love a good fight. They will soon see it. When Woodrow Wilson returns he will give battle to the obstructionists and it will be a battle worth while. The president however will not stoop to the tactics of the "dignified" Senate. He will fight fairly and above board and a nation, recognizing his lofty purpose and unselfish devotion to American ideals and liberty, will rally around him and bring to an end the petty, partisan, unprincipled Senatorial attempt to destroy him and his work.

THE MICROSCOPISTS.

(New York Post.)
A drop of sterilized water, a fragment of the purest product on the market, when examined under the high power lens, is apt to leave the ordinary man with little interest in drink or meat for some time to come. It is through such a multi-diameter scrutiny that the covenant of the league is now being analyzed as a thing of squirming and pestiferous horrors. Its thinnest strand becomes a hissing serpent, its invisible network a monstrous snare, its invisible air spaces yawning chasms and pitfalls. Enemies of the covenant have gone even further. They have applied the instrument a tele-microscope, which projects the great vision into an indefinite future and reveals the perils that may come if they are not yet there. Let it be said at once that, if this is the kind of analysis which is to be brought to bear on the covenant, the league will stand condemned, just as every historic document, just as every action in history would have been paralyzed from the beginning by the same test. But it is a test which will be rejected by every sensible man who realizes that the good clean water compensates for the risk involved in the irreducible minimum of danger it carries; that the value of food outweighs its microscopic perils, and that the benefits of a league world can be attained only on the same terms. Sensible men, if they are convinced that the league is worth striving for, will not make the league its good and clean as may be, and assume the inevitable hazards.

Article X of the covenant has been a favorite subject with the microscopists. In its straightforward stipulation for the safeguarding of the territorial integrity and independence of the members of the league, against external aggression they have discovered all sorts of alarming dangers: America subjected to the beck and call of every little nation; a world frozen into immobility from the moment the treaty is signed; the world put into a straight jacket, the fetters of slavery fitted in perpetuity upon every suffering people. Critics who rage against the conspiracy of aged diplomats and legalists now at work in Paris have themselves gone in for a minute legalism, an extravagant verbal hair-splitting, a breathless search after literal commas and colons that are all the world away from the fresh realities and the living facts for which they profess to stand. A clause which means that the United States expresses its condemnation in the event of an international crime like that which took four years of war to beat down has been interpreted to mean that the United States will spring to arms against an oppressed people arising against a cruel master. We are asked to believe that when the application of Article X is invoked, the United States will be compelled from crossing its reason and its judgment on specific facts, will be bound against money into the morass of the justice and the common sense of a situation, and will be compelled to automatic action by a set of words meaning what it does not mean.

Impossible Proved Possible.
He makes 25,000 pounds a year as an aviator.
And yet people say you can't live on air.—Ideas.

To a Fanned Strawberry.
When first your rounded form and fragrant breath
And glowing cheek and ruby lips
Sweet kiss
Dawned on my consciousness, I said,
"I will preserve those charms for future bliss."

But as I cast my disillusioned gaze upon your pale and withered travesty, I can bestow on you no word of praise. There where you're drowsing in a bloody sea.
Consequences Would be About the Same.
Aunt Caline says: "Tother day little Bud Yarrow was a-trying to rite a composition for his school on 'a nut' an' the hole bottle 'st' turned upside down on his mother's knee. Bud was jest scared to death for a minute, an' then he happened to remember 'hearin' his mother tell some body that milk was offed good to take out ink stains. So he run out quick an' bring in a hole o' milk which it were cream. But the cat followed him in an' kep' a-dickin' up the cream about as fast as Bud could pore it on. While he was at it his mother come in an' says she, 'Buddie, what on erth are you a-doing?' she says, 'Well, maw,' says Bud, 'I don't rately no whether I'm a-cleaning the rug or a-feeding the cat,' says he.

Oh!
She is a funny girl, I vow.
I speak of Mary Milling;
She dyed her hair dead black, and now
She thinks that she looks killing."
—Luke McLuke.
I think a plot to catch a man
Dear Mary Milling's hatching;
So tries out everything she can
To see if it is catching.
Did You Know
That today, June 14, is Flag Day in the United States? The American flag is a growth rather than a creation. In the latter part of 1775, Dr. Franklin, and Messrs. Lynch and Harrison were appointed to consider the subject of a

national flag. The result was a flag like that of the East India Company—the King's colors or Union Jack representing the still recognized sovereignty of England, with a field of thirteen alternate red and white stripes, emblematic of the union of the thirteen colonies. The new flag was hoisted for the first time on the 2nd of January, 1776, over the camp at Cambridge. Congress on the 14th of June, 1777, adopted the basis of the flag now existing. A committee, accompanied by General Washington, called upon Mrs. John Ross of Philadelphia in June, 1776, and engaged her to make a model flag from a rough drawing. Washington submitted in pencil a star of five points for the thirteen colonies in the original draft. This was the first official United States flag of the present design.

Oh Had!
"Oh, had I the wings of a duck,"
Sang the tramp as he traveled the street,
"I'd not be annoyed
By a poor something void.
Because I'd have something to eat."
—Yunker's Statesman.
"Oh, had I the wings of a house,"
Sang the grabber who pinches a cent,
"I could tack up a sign
And when folks stood in line
I surely would soak 'em for rent."
—Youngstown Telegram.
"Oh, had I the wings of a chicken,"
Sang the poet—his gloom was profound—
"I would eat, and erase
This gloom from my face,
But chicken's a dollar a pound."
—Houston Post.
"Oh, had I the wings of a plane,"
Sang a henpecked family jama,
"I'd fly to the shore
And remain evermore
In the quiet and calm of the clams."
—Detroit News.
"Oh, had I the wings of a pheasant,"
Says my wife, the Economy Kid;
"I'd take last year's bonnet,
And pin 'em upon it.
And save me the price of a lid!"
—Cleveland Plain Dealer.
"Oh, had I the wings of an army,"
Sang a doughboy who stood near the Rhine,
"I'd bring them together,
And then we'd see whether
Or not those blamed Germans would sign."
—Frigid.
In my judgment he's convicted,
I'd prefer that he sold his
It's the ice man, he's afflicted
With an awful queer, cold whim.
—I. G.

LOADED DOWN WITH KNOWLEDGE.

(Columbus Dispatch.)
Abe Martin says, "It seems like th' folks that have the least use of knowledge are loaded down with it," a quaint bit of philosophy which one can see exemplified any day in the week. And still if one opposes the acquisition of knowledge he is voted "an old fogey." Of course what the Hoosier philosopher means is that a lot of the people who have studied long and hard in the colleges and universities do not seem to be able to make a decent living. They do not seem to be able to apply what they have learned at school, whereas many persons who have had few educational advantages are getting along pretty well in the matter of earning a livelihood.

Some of the lawyers who know most, fail to succeed at the practice of law, and the same thing is true of physicians and preachers and teachers. It would seem on the face of things that the man who knows most would lead in his profession, but it is not an inviolable rule. It seems to require something else than knowledge to succeed. There are school teachers who could answer any question in the books, but who lack the knack of being good teachers. There are lawyers who write text books, but who are lawyers who who cannot successfully defend a case or write a will that will stand the test of the courts. There are editors capable of writing an encyclopedia who have never gotten anywhere as editors.

WHO WON THE WAR?

(Stars and Stripes.)
If all goes well the peace treaty will soon be ready for signature. It is quite to be expected and altogether to be desired that no country will find that treaty exactly to his liking. Should any one country emerge completely satisfied it would mean that there had not been at the conference the full degree of mutual concession which marks the community spirit when functioning wholesomely.

The more acute disaffected elements will be very, very audible. They will give utterance at the top of their lungs as follows:
"There has been fought in vain."
You will hear that said so earnestly, and on so many sides, that it will be worth while keeping in mind what a worthless it is. America's chief reason for going to war—also France's chief reason and England's—was self-defense. It was to avoid capture and enslavement by Germany on a future day. It was the same purpose which animates every posse of citizens who are out to catch a municipal burglar.

That purpose has been achieved. The burglar nation is in the lockup. Our chief reason for going to war, then, has already been awarded.

If the posse, before it breaks up, can regard the affairs of the neighborhood so as to discourage future burglary, so much the better. But don't let any one kid you into thinking, for one moment that we fought the war in vain. It was Germany who did that.

Spirit of the Press
Future of Constantinople.
The objections to leaving even a shadow of Turkey's sovereignty in Constantinople have been frequently stated, and the march of events has retarded nothing from their force. It has been urged that if Constantinople should remain the seat of Turkish government, the new Turkish state that will emerge from the peace conference would be fatally handicapped by all the old traditions of intrigue and corruption that will inevitably cling to its rulers, so long as they live and move and have their being in the poisoned atmosphere of Stamboul. It has been pointed out that no worse service could be done to the simple honest and industrious population of Asia Minor who have suffered in the past only less than their Christian fellow subjects from Constantinople's misgovernment, and who themselves desire to see the city freed from its misrule.

Spreading That Is Offensive.
It is very embarrassing to be beaten, but that being the condition of Germany.

SISLER CLIMBS IN AMERICAN LEAGUE

Jumps From Ninth To Fourth Place In Week—Cobb Still Is Leading.

Chicago, June 14.—George Sisler, the St. Louis star, made the best showing in the American league during the past week. According to averages released today and which include Wednesday's games this collegian not only advanced from ninth to fourth place among the batters, but took first honors as run maker from Weaver, Chicago. He registered 31 times. The St. Louisian also went into a tie with Roth, Philadelphia, for total base honors with 80, the pair relieving Ty Cobb of the honor. Sisler also has the distinction of being a member of the leading home-run trio—Sisler, Ruth of Boston, and Roth. Each made four homers.

Cobb retained his lead among the batters, although he suffered a slight slump. He is hitting .355.
Chapman, Cleveland, and Vitt, Boston, made three sacrifices each and continued their tie at 17.
Johnston, Cleveland, has been cutting loose on the paths during the past week and has rethroned Eddie Collins of Chicago, king of base-stealers. Johnston had pilfered 14 bases, compared to Collins' 13.

Leading batters for 15 or more games: Cobb, Detroit, .355; Veach, Detroit, .351; Johnston, Cleveland, .346; Sisler, St. Louis, .345; Rice, Washington, .340; Weaver, Chicago, .333; Bode, New York, .333; Schang, Boston, .333; Becklin, Pittsburgh, New York, .320; Gedeon, St. Louis, .320.

Gavvy Cravath, Philadelphia, who is said by most pitchers in the National league to have no known weakness while at the plate, continued to lead the batters in that organization. The big slugger who hits any kind of pitching has an average of .431 for 34 games. This mark is the result of 44 hits in 103 times at bat, including 13 doubles, two triples and five homers. In addition to being out in front among the batters, Cravath went into a tie for total base honors with Zack Wheat, Brooklyn, and Kauff, New York, with 76, the trio displacing Doyle, New York.

Williams, Philadelphia, added another homer to his string, and led with six. Myers, Brooklyn, remained at the head of the sacrifice hitters with 12, and Bigbee, Pittsburgh, leader of base-stealers, pilfered another base and now has 13.
Cravath, Philadelphia, .431; Young, New York, .342; Wingo, Cincinnati, .339; Roush, Cincinnati, .338; McCarthy, New York, .333; Williams, Philadelphia, .331; Doyle, New York, .326; Kilduff, Chicago, .316; Groh, Cincinnati, .311; Meusel, Philadelphia, .308.

The honor of leading run maker in the American Association held last week by Brief, Kansas City, is being shared by Becker, and W. Miller, teammates of last week's leader. They have scored 29 times each. Hendry, Louisville, continues to lead the batters with a mark of .387, and increases his number of total bases to 75. Brief, four homers continued him in the lead in that department, while J. McCarthy, Louisville, leads the sacrificers with 15. Smyth, Milwaukee, Good, Kansas City and Beacher, Louisville, caught up to Reilly, Indianapolis, in stolen bases. They are tied at 13.

Leading batters for 15 or more games: Hendry, Louisville, .387; O'Mara, Indianapolis, .379; Nicholas, St. Paul, .347; Becker, Kansas City, .343; Cochran, St. Paul, .340; E. Miller, St. Paul, .338; Milwaukee, .326.

Carroll, Memphis, tied Sullivan, New Orleans, for scoring honors, each having counted 28 times. Duncan, Birmingham, replaced Sullivan for total base in standing among the leaders, Brown, Mobile, leading the home run hitters with five circuit drives; Knauer, Orleans, the sacrificers with 11; Graft, Chattanooga and Gilbert, New Orleans, the base stealers with 11. The average batters of Tuesday. Leading batters: Carroll, Memphis, .372; Peters, Birmingham, .357; Gilbert, New Orleans, .339; Sullivan, New Orleans, .335; Burn, Atlanta, .333; Christenbury, Memphis, .322; Mayer, Atlanta, .322; Fisher, Birmingham, .321; Duncan, Birmingham, .315; McDonald, Nashville, .309.

Kellogg, St. Joseph, tied Moran, Sioux City, for the lead in runs scored in the Western league. Each has scored 21 times. Collins, Joplin, with 55 total bases, remained high in that department. Davis, Tulsa and Yaryan, Wichita, batted their way to a triple tie with Collins, for home run honors. Each has three. Jackson, Omaha, with 12 sacrifices, remained high in that department, while Cass, Des Moines, is leading the base stealers with 11 thefts. Through an error last week, Moran, Joplin, was credited with 12 stolen bases, which gave him the lead, whereas he has stolen only two bases.

The averages include games of Tuesday. Leading batters: Bonowitz, St. Joseph, .352; E. Walker, Sioux City, .349; Hiffin, Oklahoma, .337; Collins, Joplin, .332; Langigan, St. Joseph, .329; Robinson, Sioux City, .319; Hasbrook, Des Moines, .315; Adams, Des Moines, .312; Davis, Tulsa, .311; O'Brien, Tulsa, .308.

Readers' Viewpoint

The German People.
Editor of the Advocate—May I request you for a little room in your columns to say a word for the German people? You know how this splendid race was vilified before the world war, and how much our country owes to it for our development in every department, whether we view things from a physical or intellectual standpoint. The German was spoken of as our most inhuman, unscrupulous and loyal citizen, and he was for praise on these scores that he did no merit. Now we have

After the transaction of business the state convention at Lima was discussed. The speakers were read, conveying much information in regard to the convention, and the program also was read. Two Newark workers were honored by places on the program for the week. O. E. Hunt will respond to the greetings of the department president of the Daughters of Veterans, and Mrs. W. H. Hickman, as chairman of the committee for carrying to the convention of the G. A. R. will make the address of greeting.

LET'S WIN THAT \$10,000 PRIZE
Wouldn't that \$10,000 Victory memorial shaft, the gift of the Vermont granite manufacturers, look well in Newark? It will go to the Ohio county that makes the largest percentage gain in W. S. S. sales in June, July and August. Licking county on June 1 stood in eleventh place among 88 counties of Ohio. It is not only possible but probable that this fine memorial can be brought to Licking county. A generous response to the solicitation for the sale of W. S. S. now being conducted by the women should result in bringing the memorial to Newark. Sign the women's pledge cards and buy the stamps before September 1. Buy all the W. S. S. you can. They are better than money itself.
W. S. S. are cheaper now than they will be in July, and they will be cheaper in July than in August. If you need the money you can get it back anytime, plus interest, upon 10 days notice. W. S. S. never go below par. They continually grow in value. The best investment in the world is W. S. S. Buy now; help yourself in so doing, help the women and help to bring that \$10,000 memorial shaft to Newark.

ANNOUNCE 40 RIDERS IN GAS BIKE RACES SUNDAY AFTERNOON AT PARK

Four Events Arranged For Cyclists With a Number of Local Enthusiasts Entered—Extra Car Service Promised To Handle Crowds.

More than 40 riders have signified their intention of participating in the motorcycle races at Moundbuilders Park Sunday afternoon. The first event, a two mile race, will be called at 3 o'clock instead of 2 as has been previously stated in the local papers.

There will be four events for the speed demons to try and land a purse, a two, five, ten and twenty mile race. Last evening a score of local riders were out at the half mile dirt circle and some good time was made. There is much rivalry among the local bugs and each is in hope that his favorite make of machine will prove a winner.

Ever hear din that is real genuine din, just journey to the park tomorrow afternoon and hear the machines when they are tuned up. There will be three special factory-built Indian machines shipped from Columbus for these races and other riders will be here from quite a few cities over the state. It will be one of the best meetings held in Central Ohio in a number of years.

Extra service will be given by the street car company and the track will

be in excellent condition. The motorcycle fans are anticipating a great meet and the promoters estimate that the crowd will be one of the largest seen at similar races in other cities this season. A small admission will be charged to defray expenses and the public is extended an invitation to watch the thrills.

Entries have been received from Columbus, Zanesville, Coshocton, Lancaster, Mt. Vernon and one entry from Toledo, besides several local riders. The unknown rider from Toledo will not make known his name or the make of his machine until he arrives in Newark. It is rumored that he is one of the best riders in the country and says he expects to make a clean sweep of the prizes.

In case of accident two ambulances will be at the grounds and a physician will also be at the track, but it is sincerely hoped that nothing occurs to mar the pleasure of the day. All lovers of the game are urged to be present and induce their friends to come also and they will be amply repaid by the sport they will witness when the machines are tearing around the dirt circle.

ROLLING MILL TEAM PLAYS IN ZANESVILLE

The Buckeye Rolling Mill ball team will play Zanesville Sunday to play the last tilley of that city. The Buckeye boys have signed a few new players and have been practicing hard for this game. They will leave here at 11:35 o'clock a.m. over Ohio Electric. The following will go: Watson, Lusk, McCarty, Naitg, W. Kelley, Harris, H. Kelley, Hunter, Haynes, Green, Kithley, Orr, Heim.

BAD START LOST GAME FOR HESS

Lack of Control By Auto Team's Pitcher Gives the Railroaders An Early Start.

| How the Teams Stand. | Won. | Lost. | Pct. |
|----------------------|------|-------|------|
| Pharis | 4 | 2 | .667 |
| Heskey | 4 | 2 | .667 |
| Buckeye | 3 | 3 | .500 |
| Midland | 3 | 3 | .500 |
| Hess | 2 | 3 | .400 |
| B. and O. | 2 | 4 | .333 |

Next Week's Games.

Monday—B. and O. vs. Buckeyes.
Wednesday—Heskey vs. Midlands.
Friday—Pharis vs. A. P. Hess.

By winning last night's game in the Twilight League the B. and O. team helped pair up the teams in their standing. McMillan, pitching for the Hess Auto team, allowed the first batter up to hit safely, walked the second, and he hit the third. He was sent to the "garden" and Erley was sent in to handle the situation. With three men on base and the day being Friday the 13th, the odds were against the new twirler. The B. and O. scored two men in the first inning, another in the third. After Erley settled down there was no more scoring and very little base running. Stevens on the mound for the B. and O. was assisted by real ball playing and though he struck out but five men there were 11 men knocked to his men and all were caught in the wall.

Fitzpatrick got four flies in the left field one of which he scooped off his shoe strings. Kennedy speared a hot grounder down first base and then dove feet first into the sack to beat out the first runner. Jones at bat three times drew three free walks and scored one run and twice was put out at third in attempts to steal. Applegate, playing short for Hess, was the lucky boy to get two free trips to first, the only passes tossed to his side. Martin's glove probably had rubber in it from the way the flies bounced from it, but Jones gets all the honors with the stick, he being credited with the only hit the Auto boys got during the game.

Score by innings: R. H. E.
1. B. and O. 2 1 0 0 0 3—1 1
Hess 0 0 0 0 0 0—0 0 0
Totals: Stevens, Williams, McMillan, Erley, Baisch, Struck out: B. and O. 5, Hess 2. Left on bases: B. and O. 2, Hess 3. Umpire, Lautenschlager. Time 1:30. Attendance, 400.

ERTLEY WILL TWIRL FOR NEWARK CLUB

A team from Newark will meet a Zanesville team at the Burton-Turner send field in Zanesville Sunday afternoon at 2:30 o'clock. The Newark nine is a strong aggregation, having won seven out of the nine games played this season. The Newark lineup will in

clude: McCarthy, 2b; Wilson, 1b; Harris, ss; W. Kelly, 3b; H. Kelly, rf; Hunter, lf; Heim, c; Lusk, p; Erley, p.

Bobby Quinn has been engaged to marry.

Not disheartened. Did you ever try to convince a man that he is wrong? Well, not exactly. I usually get him to believe that I am right, and let it go at that.—Judge.

Wall Street.
New York, June 14.—Bidding up of certain of the motor and rubber issues, together with a rally of a point in United States Steel, infused momentary strength into the trading on the stock exchange today after an opening display of weakness. Buying for both accounts was encouraged by belief in some quarters that the week's liquidation had improved the technical condition and that a rally was due. Later, selling of Oil, Shippings, United States Alcohol and Motors, including a 7-point fall in General Motors, undermined the list again. In the final dealing the copper shares ran up sharply. Sales approximated 60,000 shares. The closing was irregular. Liquidation of speculative accounts and offerings by professional traders were the dominant factors in initial dealings on the stock exchange today. Several of the stocks which figured inconspicuously in yesterday's drop lost a point or more, while a few others reflected temporary support—namely, General Motors and Mexican Petroleum. United States steel sold off 5-8c to 104 1/4; but the independent steels suffered greater declines. Secondary prices were somewhat better in some instances, but buying operations were conducted with caution.

Pittsburgh Livestock.
Pittsburgh, June 14.—Hogs—Receipts 2300; heavy, heavies and heavy yorkers \$21.80@22.75; light yorkers \$20.75@21.50; pigs \$19.25@20.50.
Sheep—Receipts 200; active, top sheep \$18.50; top lambs \$14.50.
Calves—Receipts 100; active, top \$18.55.

Chicago Grain Review.
Chicago, June 14.—Fresh strength developed in the corn market today owing largely to crop damage reports. Opening prices, which ranged from the same yesterday's finish, to 1-5/8 higher with July 1 1/2c to 1 3/4c, and September 1 1/8c to 1 1/4c, were followed by slightly further gains and then something of a reaction.

Oats partook of the firmness of corn. After opening at 69c to 69 1/2c advance, including July 1 1/2c to 1 3/4c, and September 1 1/8c to 1 1/4c, were followed by slightly further gains and then something of a reaction.

Lard went to a new high record, influenced by upturns in the value of hogs and grains. There was but little trading in pork or ribs.

Chicago Livestock.
Chicago, June 14.—U. S. Bureau of Markets—Hogs—Receipts 7000; market mostly 15c to 20c higher than yesterday's average. Top \$21.25; bulk \$21.15; heavyweights \$20.95@21.15; medium-weight \$20.80@21.25; lightweight \$20.50@21.20; light lights \$18.75@20.50; heavy packing sows, smooth, \$20.25@20.50; packing sows, rough, \$19.75@20.25; pigs \$17.75@18.75.
Cattle—Receipts 500; compared with a week ago, good and choice beef steers about steady; medium grade lightweight steady to 25c higher; fat cows steady to 25c lower; heifers and low-grade the same; steady; veal calves \$15.00@17.50; higher; stockers and feeders steady to strong.

Sheep—Receipts 3000; all direct to packers; compared with a week ago, choices short lambs weak to 5c lower; medium-weight 25c lower; sheep and yearlings mostly 25c lower; feeders and breeding stock about steady.

SMYTHE IN RACE FOR JUDGESHIP

Local Attorney Will Be In Race For Nomination For Municipal Judge.

George B. Smythe, Democrat, has filed his papers of intention of being a candidate for municipal judge. This makes three candidates in the field, Frank A. Bolton, Democrat, and Fletcher S. Scott, Republican.
Other candidates filing since Friday noon in addition to those already published are Walter D. Welker, Democrat, and Samuel J. Kuhn, Democrat.

councilman-at-large; Joseph N. Pugh, Republican at large; William H. Butler, Democrat, councilman Fifth ward; W. H. Gearhart, Republican, Sixth ward.

The only office on the Democratic ticket for which there is no candidate will be councilman of the First ward, and the Republicans have no candidate for city solicitor or Third ward councilman.

SPY GETS DEATH SENTENCE.
(Associated Press Telegram)
Paris, Friday, June 13.—Gaston Roullet, a prominent French journalist, was sentenced to death by court-martial for imparting military intelligence to the enemy. Roullet, who is a Socialist with extreme tendencies, was tried by default. He was charged with having agreed with German agents in Spain to start a French language paper there during the war for the purpose of carrying on Germanophile propaganda.

Gaston Roullet founded the Madrid La Paix in 1917. It was believed that Solo Pasha, the Venetian banker, who was executed at Paris in 1918, for treason, furnished the funds for the establishment of the newspaper.

CURTAIN EXCURSIONS.
(Associated Press Telegram)
Washington, June 14.—Do not interfere with the transportation of soldiers now returning from France in ever-increasing numbers. Director General Hines today ordered that railroad equipment for excursion and recreation purposes be limited to an absolute minimum. Among permits for special equipment cancelled was one for 70 coaches and Pullmans to be operated by the New York Central from New York to accommodate persons who wished to see the Willard-Dempsey fight, July 4.

Should Have Known Him.
Robert has an uncle who takes great delight in teasing and asking questions of his little nephew every time he gets a chance. One day he asked him if he knew who George Washington was. "For mercy sake," exclaimed Robert, "don't you know who George Washington is? Why, he's the man that invented Americans."

Friendship That Lasts.
Friendship is apt to creep away into some corner of the temple on whose shrine love has descended. This mild affection is but a twinkling taper that will burn steadily on, perhaps unseen amid the dazzling glory of love's supernatural lamp. It is found shining benignantly when the lamp is shattered.

During the past year 1,000,000 acres of woods in England were felled for war purposes. —Baltimore American.

PEGGY HYLAND
DIRECTION WILLIAM FOX

DINNER BELL MEANT NOTHING TO HIM

M. C. Payne of 1024 Gallia St., neatly "burned the Tables" on his stomach. Now eats "Three Squares" a day.
Mr. Payne's stomach had him figuratively, "Under its thumb" for seventeen years. He, like many others, suffered miserably with indigestion. His statement will be a welcome suggestion to others.
"For seventeen years I have suffered with smothering spells and bloating. I had no appetite and it was a common thing to go two or three days without eating and have gone four. I have taken two cans of Dr. Parker's Treatment for Indigestion and Constipation, which has completely cured me, and I am now able to enjoy three square meals a day and can eat all kinds of food. It has done wonders for me."
Dr. Parker's Treatment for Indigestion and Constipation is made and guaranteed by Parker Medicine Company of Athens, Ohio, after the favorite prescription used for thirty years by Geo. H. Parker, M. D., specialist in digestive and bowel disorders. Your dollar back if not satisfied.—Adv.

WIFE FAILS TO APPEAR AGAINST HER HUSBAND

There was one case of intoxication before Mayor Atherton today and he drew \$5 and the costs and was sent over to the county jail. He had also broken up some dishes and partially wrecked the dining room but his wife failed to appear against him.
The two colonists were arrested on the charge of loitering and after hearing their story Mayor Atherton advised them to take the shortest cut out of the city. They followed his advice.
Two train riders were brought in by a R. and O. detective and each was assessed \$5 and the costs in police court and sent over to the county jail.

MRS. MARTHA E. MILLER.
Mrs. Martha E. Miller, 57, wife of H. A. Miller, died Saturday morning at 10 o'clock at her home in Arlington avenue. Death was due to heart trouble. She is survived by her husband, three daughters, Mrs. Chaney, Mrs. Andrew Hoffman and Miss Nellie Miller, of the home. She was a member of the East Main Street M. E. church, where the funeral will be held Monday afternoon at 1 o'clock. Rev. J. Emory Walters will officiate. Burial will be made in the Frazesburg cemetery.

FISH BITING FINE AT BUCKEYE LAKE

Fishermen will enjoy good sport for the next few days for the blue gills and sun fish have been running in schools the past week and a number of good catches have been made. Several West End fishermen have landed carp weighing from 20 to as high as 32 pounds, one of that weight being caught Thursday night. The lake will be dotted with sportmen tonight from the surrounding towns by all-night fishermen and many good catches no doubt will be made.

An Anti-Saloon League of Nations will afford Mr. Bryan the opportunity of running for the presidency of the world.—New York Sun.

AMUSEMENTS

AUDITORIUM
Daddy Long Legs.
The heat has not affected attendance at Manager Fenberg's Auditorium, for large crowds have been running in schools the past week and a number of good catches have been made. Several West End fishermen have landed carp weighing from 20 to as high as 32 pounds, one of that weight being caught Thursday night. The lake will be dotted with sportmen tonight from the surrounding towns by all-night fishermen and many good catches no doubt will be made.

ALHAMBRA
"Oh, Johnny."
Half a dozen shapely and highly skilled diving girls constitute one of the attractive features of "Oh Johnny," the Betwood Film company's picture in which Louis Bennison makes his screen debut. This promises to be one of the most varied and amusing of this year's camera plays. It has real excitement and suspense, innumerable comic points and also makes a strong appeal to the eyes.
Large crowds at the Alhambra yesterday night. Bennison, who is in his company in this photoplay, is shown today for the last time, together with the Fox Sunshine comedy; also a Prima subject, "China." In all a most pleasing program is seen.

Prima Pictures.
The Prima Master Picture being shown this week at the Alhambra is one of a series of several subjects to be shown in this theatre during the next few weeks. Prima pictures are taken by specially designed cameras built in the Prima Laboratories which register full color values on a negative sensitive to all colors. These colors are then automatically transferred to the film by means of the Prima process and are recreated on the screen as they appear in Nature. "China" is the title of this week's subject.

"Miss Adeline."
The new hit given up a thrilling photoplay for Peggy Hyland, the Win Fox star. It is called "Miss Adeline" and will be shown at the Alhambra theatre next Wednesday. During one of the scenes in the play Miss Hyland says "Things never seem to happen as they do in the books."

And following that Miss Hyland has adventures that are destined to be as startling as ever were printed between the covers of a book. Miss Hyland's reputation as a star in the Alhambra's best picture and that statement is true according to reports from towns where it has been shown.

fidelity to life of the typical Saturday Evening Post story. "The Fire Flingers" is more dramatic than the usual run of such offerings. Indeed, its plot borders on the melodramatic, but so consistent is its development that it maintains its close relation to life as it is.

"The Fire Flingers" are two convicts, released after long terms in prison and determined to go straight. Their calculations are upset, however, by the grim chance that makes it seem certain that they are to blame for the murder of a wealthy, dissolute book publisher.

Confronted with the certainty of going to the chair, one of the convicts, played by Julian impersonates the dead man to whom he bears a striking resemblance. The publisher had laid a trap for the other convict, even to withdrawing \$200,000 of his wife's money from the safe. The impostor is unaware of the disposition made of this money, and so is unable to restore it until chance reveals the hiding place.

The emotional appeal of the picture lies in the relations of the impostor with the widow of the dead man.
This feature together with Roscoe (Fatty) Arbuckle, will be the Auditorium feature for Sunday amusement seekers. Fatty is said to excel in "Camping Out," the story briefly is, that Fatty decides to do his own cooking, sew on his own buttons and live a wild, care-free life in a tent on Catalina Island. It is a perfectly good idea but a pursuing wife, "Roughneck Al" and his little wife, a wooden-legged man, a couple of wild-eyed Sicilians, the captain and crew of the steamship, and various other parties, manage to interfere and mix up matters until they practically spoil Fatty's day to the infinite delight of the audience.
Pathe News' always interesting is seen also.

"The Marriage Ring."
Delicately reared, and a woman of refinement, Anne Merton, wife of Hugh Merton, a gambler and all-round crook, is tiring of her shameful existence, that of being a tool in the hands of her rascally husband who employs her to aid in fleeing his victims at cards or by any other means that may present themselves. Merton has made up his mind to go to Honolulu in search of his fortune and to that end he invites a man from Hawaii to his apartment in San Francisco, his purpose being to have Anne fleece him of the funds necessary to defray the expenses of their voyage.
Recalling her past life, Anne is filled with remorse and she resolves to reform. When the visitor arrives, he finds Anne weeping and consoles her. The visitor and Merton are soon engaged at a game of cards and presently Merton is caught cheating clumsily. This is the end of the marriage. Anne tells his story to the apartment clerk and the Mertons are ordered to vacate immediately.

Merton, who is now practically penniless, tells his wife that she will have to find some fool with money, even though she ply her traffic in the streets. She reverts this and Merton threatened her with a revolver. She takes the weapon and in the struggle that ensues it is discharged and Merton falls apparently killed. As a band in a neighboring park plays a lively air Anne gathers her money and valuables, then creeps out of the house by a rear door and makes her escape unobserved. She hastens to the wharves and finding a steamship bound for Honolulu just casting off, she goes aboard.

"The Marriage Ring" also Fatty Arbuckle is "Camping Out" are Auditorium features for Monday.

25 Years Ago

(From Advocate, June 14, 1894.)
One of the principal attractions in the city yesterday was the Fugh Vielle band. A test of the electric plant was made last night, which was highly satisfactory.

15 Years Ago.

(From Advocate, June 14, 1904.)
Joseph McCurdy was badly injured Wednesday afternoon when his horse fell upon him. Neighboring towns have been invited to come to Newark and take part in the Labor day celebration.

E. S. RANDOLPH TO ADDRESS VETERANS

Recitation—Miss Willis.
Personal Experiences—Mr. Gray.
Instrumental selection—Mr. Gamble and son.
Benediction—Rev. Mr. Wright.
Committee on program: Mrs. Neibarger, Mrs. Houser, Mrs. Francis.

Accessory.
She—You ought to be ashamed of stealing a kiss.
He—You are equally guilty. You received the stolen goods.—Tid-bits.

How To Get Health

When You Are Weak, Run-Down, Nervous And Tired On The Slightest Exertion.

This condition shows that iron, the life and strength of your blood is wearing out, your nerve force is decaying and vitality is becoming low.

Disease acts only on those whose blood is thin and watery, impoverished or impure and never affects persons whose blood is rich and pure with plenty of iron in it. Dr. Chase's Blood and Nerve Tablets are a wonderful restorative because they contain iron, Nux-Vomica, Gentian, Capsicum, and Zinc Phosphide which makes them a most valuable tonic for the sick, convalescent and overworked. Each dose means more energy, more nerve force, more strength. They put snap into you which makes life worth living. Sold by Druggists 60 cents. Special, (Stronger more Active 90 cents.)

A Youthful Figure!

A youthful figure is the fashionable figure—Its sure poise and all a round charm add beauty to simplest of outer garments—a youthful figure is the natural result of wearing.

American Lady Corsets

BACK LACE AND FRONT LACE—

Ask to see the new models—whatever your type of figure may be—medium, full developed or petite you'll find an American Lady exactly right for you.

\$1.50, \$2, \$2.50, \$3.00, \$3.50, \$5.00

BOTH PHONES.
SOUTHEAST CORNER SQUARE
All Dental Offices closed Thursday afternoons.

LET'S WIN THAT \$10,000 PRIZE

Wouldn't that \$10,000 Victory memorial shaft, the gift of the Vermont granite manufacturers, look well in Newark? It will go to the Ohio county that makes the largest percentage gain in W. S. S. sales in June, July and August. Licking county on June 1 stood in eleventh place among 88 counties of Ohio. It is not only possible but probable that this fine memorial can be brought to Licking county. A generous response to the solicitation for the sale of W. S. S. now being conducted by the women should result in bringing the memorial to Newark. Sign the women's pledge cards and buy the stamps before September 1. Buy all the W. S. S. you can. They are better than money itself.

W. S. S. are cheaper now than they will be in July, and they will be cheaper in July than in August. If you need the money you can get it back anytime, plus interest, upon 10 days notice. W. S. S. never go below par. They continually grow in value. The best investment in the world is W. S. S. Buy now; help yourself in so doing, help the women and help to bring that \$10,000 memorial shaft to Newark.

THE EMPEROR

of Japan, by imperial decree, has just bestowed an annual fund upon The Salvation Army in that country.

India has just turned over to The Salvation Army full management of its problems with the poor.

The Salvation Army is represented in 60 countries, speaking 37 languages. The world is just awakening to the fact that an endless chain of organized relief workers under the banner of The Salvation Army encircles the globe.

THE ARMY NEEDS YOUR HELP TO "CARRY ON" IN AMERICA

THE SALVATION ARMY HOME SERVICE FUND.
